

**Easement Reel**

Our purpose built Easement Reel is self-propelled and easy to operate, can be used in combination with your Combo Unit or Jetting Trailer. Remote job sites you never thought you could reach are easy to access with the track drive system, leaving your truck on the side of the road. No more dragging of sewer hose which can cause back injuries and destroys property. Let it do the work.

**Skid Features**

- HS1100 HINOWA tool carrier
- 13hp four stroke Honda engine.
- Key start with electric starter motor.
- Skid steer with hydrostatic drive.
- Hydraulically expandable tracks.
- Hydrostatic Power Take Off.
- Spring suspended platform for driver.

**Hose Reel Features**

- Hydraulically driven hose reel,
- Manual hose guide
- Variable speed setting and free running.
- Room for 200m 1" jetting hose, or 150m of 5/4" jetting hose.
- Hydraulic hose reel tilt for stability and better man hole access.

Total weight including hose: 850kg

The easement reel can be delivered with a purpose built ramped trailer.
